N. B. Special attention is called to the various abbreviations occasionally used in this catalogue, to indicate the condition or state of preservation of the pieces offered. FR Fair; G Good; VG Very good; F Fine; VF Very fine; EF Extra fine; PF Proof.

Copies of this Catalogue, giving prices realized, neatly executed in red ink, 50c. Cash with order. Acquaint yourself with the prevailing rates for coins, etc.

In the matter of Coin Collecting, there is no outlay of funds that brings equal satisfaction, to that expended for priced catalogues of current sales.

Coins and Medals are sold at so much per piece. Kindly make your bids accordingly. Do not bid by the lot. If a lot contains 10 pieces and you desire to offer \$2.00 for it, make your bid 20c.

My terms for buying are 10 per cent.

Auction Sales are strictly for cash. Parties unknown to me must send a deposit covering at least 25 per cent. of their bids, otherwise they will not be accepted.

My rating of the condition of Coins and Medals, and the statements made in my Catalogues as to their rarity, etc., are to be distinctly understood as based on my personal judgment, formed after an experience of more than twenty-five years as a dealer.

Gradings of Coins or of lots, in other catalogues, should be credited to those who compile them, and their interpretations of this very important factor, should be valued according to whatever experience they may have had, the knowledge acquired, and their integrity of purpose.

- The preceding pieces were issued by J. K. Picard, proprietor of
the Lead Works at Hull, Eng.—who also put “promise to pay
tokens” in circulation in 1812. In a spirit of patriotism for Wel-
lington and his victories in the Peninsular War, he designed them,
doubtless believing they would be popular, therefore acceptable
companions to the many private issues of the halfpence, then in
circulation. In 1812, by sanction, they were sent to the armies
under Wellington, where a famine in small change prevailed, to
pass for **pence**. Specimens in silver have appeared in several Amer-
ican sales, one in gold was sold in London, in 1867.
